

Bullard[®] Can Help You with Your Respiratory Needs

At Bullard, we are committed to providing workers with the necessary equipment required to work safely. Bullard can offer you:

NIOSH Approved Respirators (complete with proper air supply hose and traceable TC certification number)

- Supplied Air (SAR) hoods, helmets, loose-fitting facepieces, and masks for spray foam installation, blasting, grinding, and painting industries.

- Powered Air-Purifying (PAPR), for hospital, pharmaceutical, painting, welding, and general industrial applications.

Clean Air Boxes (CABs)

- For use with oil-lubricated compressors to help ensure Grade D air compliance.
- Superior breathing air filtration in a durable, easy-to-use format. Providing three-stage filtration and carbon monoxide monitoring.

Free-Air® Pumps

- Oil-less, low-pressure air supply sources that do not require CO monitoring.
- Air or Electric driven, available in a variety of configurations to support one to 10 respirators.

Please visit bullard.com for more information, including NIOSH approved products.
