## Comfort, Reliability & Durability

The 88VX Respirator is Bullard's legacy blast product offering workers advancements in comfort, reliability, and durability. Blasters are assured the most advanced protection from airborne contaminants while wearing the 88VX with its sewn-in neck cuff and double lining in the neck area. Airflow is channeled directly to the blaster's breathing zone for increased comfort and productivity. The 88VX sports a wide-angle faceshield lens for optimum visibility and an open feel when blasting.

## Protection, Comfort & Style

Blasters feel confident wearing the GVX Respirator knowing their head, face, and respiratory system are protected while working in the harshest environments. Key GVX features include an enlarged viewing area for optimal vision and maximum airflow delivering cooling for all-day comfort. Looking and feeling good is a must for every blaster and that's why we offer the GVX in four distinctive colors: Vintage Yellow, Modern Navy, Imperial Red, and Bullard Green.
